Attendance Requirements

Attendance in lecture is strongly encouraged and necessary for adequate performance in the class. If you are unable to attend class, please let me know so that I can give you information needed for the following class. This will allow you to actively participate and complete any missing assignments.

Online students must complete at least one assignment per week to be considering participating in the course.

Grading Standards & Practices

Your final grade will be based on the percentage of points you earn as follows:

Enrollment: Graded

| Letter Grade | Percent Range |
|---------------------|----------------------|
| A | 90-100% |
| B | 80-89% |
| C | 70-79% |

| | |
|---|--------|
| D | 60-69% |
| F | 0-59% |

You will receive a grade of F if you fail to complete the course by the established date or without benefit of an official withdrawal.

Enrollment: Credit/No Credit

| Letter Grade | Percent Range | Point Span |
|--------------|---------------|------------|
| P | 60-100% | 300-500 |
| Z | 0-59% | 0-299 |

You will receive a grade of Z if you fail to complete the course by the established date or without benefit of an official withdrawal.

Evaluation Procedures - You are starting the class with 0 points. All points will be earned by completing the following activities. You should keep track of all your points so you know where you stand in the class.

| | |
|----------------------------------|----------------|
| Final Exam Interview | 10 pts |
| Midterm Exam Interview | 10 pts |
| Midterm Exam | 10 pts |
| Final Exam | 10 pts |
| Learning Module Assessments (44) | 40 pts |
| Cultural Projects (2 x 10 pts) | 20 pts |
| Total | 100 pts |

Midterm/Final Exam Interview: Interviews will be conducted in class (32933) or on the phone (25549). I will ask 5 questions directly from the samples provided and 5 alternated slightly (change of subject, change of information).

Midterm/Final Exams: The midterm will cover modules 1-14 and the final 15-28

Learning Module Assessments: You will complete the 28 grammar/vocabulary and 4 each reading, writing, listening and culture modules (16 total). You will receive a percentage based on the number of modules you complete during the semester. You must score 100% on each module to receive credit. See: <http://jtabraham.org/spanish201> to create your account and access the modules.

Cultural Projects – There will be two cultural projects. The project will consist of a one-page essay exploring any topic related to the Spanish-speaking world. You will find two sources in English and one in Spanish. In addition, there will be a one paragraph essay (5-10 sentences) written in Spanish. You will also include 5 new vocabulary words in your Spanish essay. Underline these new words. I am not expecting complex writing so please don't feel tempted to use a translator. I am looking for descriptions of your topic using your words and your grammar

knowledge. You will present your words and Spanish paragraph to the class.

Instructor/Student Expectations

I would like to challenge you this semester to think about learning in a new way. We are often taught that education is about jumping through hoops to get a grade. I understand. I was a student. This semester, challenge yourself not to merely complete the tasks, but to truly learn. The idea is that you will seek out information until you fully understand a concept. You will be given pages to read and exercises to complete within the online materials. Sometimes these materials are not enough to truly reach an understanding of the concept presented. What I would like to encourage you to do is to seek out other resources to help you totally master the concepts. These resources might be Spanish-speaking contacts, Google, class wiki, web pages or even me (I am glad to meet with you anytime online or in-person). After all, this course should give you real skills that you can employ in your daily life and provide you with more opportunities for being successful.

You will be responsible for gaining access to the technology to complete the course. A computer with high speed Internet access, an Internet Browser, and a headset with microphone (if you would like to conference online) will be required. The High Tech Centers at the GCC campus offer computers, but all coursework may be completed on any computer.

We will not be using a learning management system (LMS) like Canvas. Instead, you will be using a web-based collection of resources including web pages, audio, video, games and activities. I have developed the site myself so you may run into technical issues (I'm a Spanish professor, not a professional software developer ;-)). I would appreciate your help and patience as the semester progresses. Please let me know if you run across any problems or errors. I would like to correct them for future students.

To begin, create an account at <http://jtabraham.org/spanish201>. Do not use any overly personal information since I will have access to the database and do not want to know any of your personal passwords. Use something simple like your name + a number (no spaces). Your username and password can be the same. Once you have created your account and logged in, you'll find a list of all the learning modules, assignments and exams that you will need to complete in order to receive a grade in the course.

We will be using a class WIKI (<http://gccspanish201.pbworks.com/>) to keep track of questions and answers related to the learning modules. Before asking a question about a specific module, please check the WIKI to see if your question has already been answered. This should lead to a more organized and specific question/answer space (compared to a discussion board). If you do run into a question in a learning module you are unable to answer, please do not spend too much time trying to figure out the answer on your own. The modules are meant to be done relatively quickly. If you can't answer a question, please seek help so that you don't become overly frustrated and waste your time. It is better to look for an answer or post your question to the WIKI and come back later to find your answer. I do not want you to waste your time endlessly submitting answers to questions until you get the right one. Your time is very valuable and I want you to understand what the correct answer is and how you arrived at it. If your question is a personal matter, please contact me by e-mail. You should expect a reply from me within 12 hours.

Classroom Accommodations for Students with Disabilities

In accordance with the Americans with Disabilities Act, the Maricopa County Community College District (MCCCD) and its associated colleges are committed to providing equitable access to learning opportunities to students with documented disabilities (e.g. mental health, attentional, learning, chronic health, sensory, or physical). Each class/term/semester that a student is in need of academic adjustments/accommodations, the qualified student is required to work with the Disability Resources & Services Office (DRS) at their individual college(s). Contact with the DRS should be made as soon as possible to ensure academic needs are met in a reasonable time. New and returning students must request accommodations each semester through DRS Connect online services. To learn more about this easy process, please contact your local DRS office.

If you have not yet established services through DRS, but have a temporary health condition or permanent disability that requires accommodations, you are welcome to contact DRS by using the information listed on the following webpage: <https://district.maricopa.edu/consumer-information/disability-resources/contacts>. The DRS offers resources and coordinates reasonable accommodations for students with disabilities and/or temporary health conditions qualifying for accommodations/academic adjustments. Reasonable accommodations are established through an interactive process between you, your faculty, and DRS; and only those academic adjustments/reasonable accommodations granted by the DRS are recognized by the college and District. It is the policy and practice of the MCCCD to create inclusive and accessible learning environments consistent with federal and state law. If you are pregnant or parenting (as protected under Title IX) and would like to discuss possible academic adjustments, please contact Disability Resources & Services Office.

Addressing Incidents of Sexual Harassment/Assault, Dating/Domestic Violence, and Stalking

In accordance with Title IX of the Education Amendments of 1972, MCCCDC prohibits unlawful sex discrimination against any participant in its education programs or activities. The District also prohibits sexual harassment—including sexual violence—committed by or against students, District employees, and visitors to campus. As outlined in District policy, sexual harassment, dating violence, domestic violence, sexual assault, and stalking are considered forms of "Sexual Misconduct" prohibited by District policy.

District policy requires all college and District employees in a teaching, managerial, or supervisory role to report all incidents of Sexual Misconduct that come to their attention in any way, including but not limited to face-to-face conversations, a written class assignment or paper, class discussion, email, text, or social media post. Incidents of Sexual Misconduct should be reported to the college Title IX Coordinator. MCCCDC will provide on its [Title IX Coordinators web page](#), a link to all the [Title IX Coordinators](#) in the district. Reports may also be reported at: <https://district.maricopa.edu/consumer-information/reporting>.

Student Rights & Responsibilities

You are expected to know and comply with all current published policies, rules and regulations as printed in the college [Academic Catalog](#), [Syllabus](#), and/or [Student Handbook](#).
